

In the Drawings

Although the Patent Office has indicated that the drawings submitted with the last amendment have been reviewed and approved by the draftsperson, it has been noted that a slight spelling error occurred in the new drawings concerning the captions of Fig. 3B and Fig. 3C. Accordingly, a replacement sheet of these figures is attached hereto. It will be noted that only a minor spelling error has been corrected, to wit: in Fig. 3B the word "ELIFE" has been replaced by "ELIFA," while in Fig. 3C, the same word has been replaced by "ELISA."

REPLACEMENT SHEET

3/9

FIG.3A

Standard-curve of ELIFA

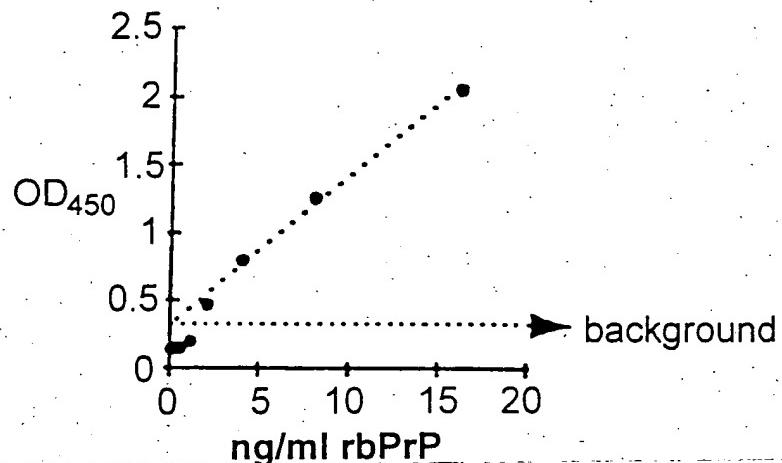

FIG.3B

ELIFA for the detection of bovine PrP^{Sc}

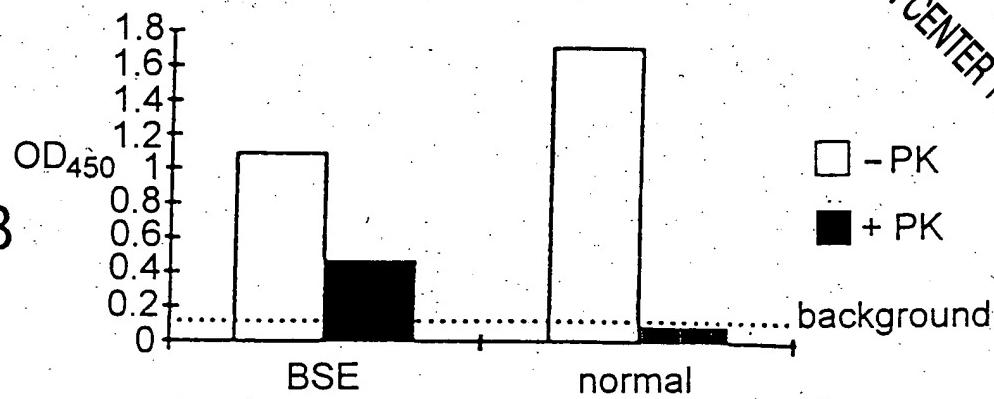

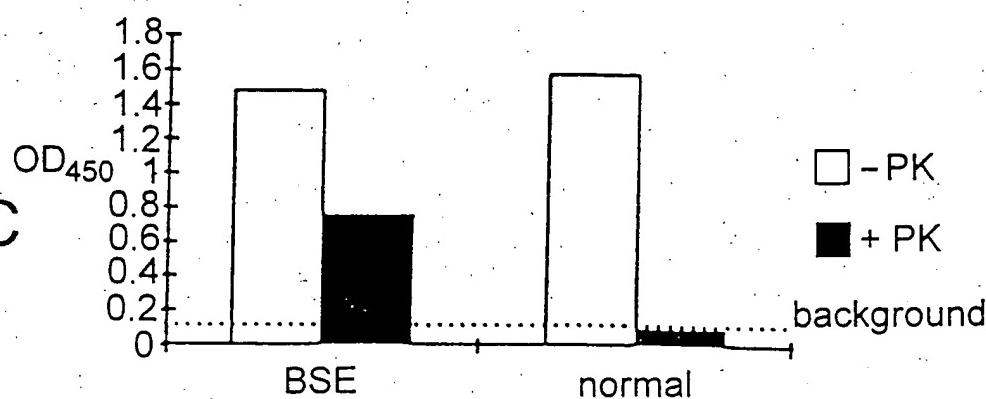

FIG.3C

ELISA for the detection of bovine PrP^{Sc}
